c) RECOMMENDATION TO APPROVE OTHER POST-EMPLOYMENT BENEFITS (OPEB) EMPLOYER CONTRIBUTION FOR INCORPORATION INTO THE FY 2016 PROPOSED BUDGET (Presented by Gregory M. Stump, Vice President/Actuary for Boomershine Consulting; Abbey Rodman, Finance Manager/Trust Administrator was not available for the meeting) (Item taken in amended order)

Executive Director Barney introduced actuary and Boomershine Consulting Vice President, Gregory M. Stump. Boomershine Consulting is the Commission's actuary for the retiree healthcare plan also referred to as Other Post-Employment Benefits (OPEB). The Executive Director stated this item is being presented for approval of the recommended employer contribution for the Other Post-Employment Benefit (OPEB) in the amount of \$5,125,000 for Fiscal Year 2016. The amount is recommended by the actuary to ensure sufficient assets are available for future benefits.

Each year, an independent actuarial valuation is performed to determine the funding requirements of the OPEB Trust Fund (115 Trust). The actuarial valuation is designed to measure the current and future costs of retiree health benefits based on employee demographics, assets and liabilities, plan provisions, and actuarial assumptions and methods. The July 1, 2014 actuarial valuation includes a reduction in the investments return, following a recommendation by Boomershine Consulting Group, which will move the OPEB valuation return on investments closer to the return used for the Pension valuation. The recommended employer contribution is payable to the return July 1, 2015.

Mr. Stump presented a PowerPoint overview of the recommendation that was provided to Commissioners in the Late Delivery Packet. He reviewed the major cost drivers used in the actuarial valuation process. These included:

- A decrease in the Assumed Investment Return from 7.5% to 7.4% to be more in line with the expectations for the overall economy.
- Retirement plan design changes including:
 - an increase in Retiree cost sharing of health care premiums from 15% to 20% effective January 1, 2013;
 - retirement plan eligibility;
 - spousal coverage - continued; pay retiree premium rates; and
 - implementation of Employer Group Waiver Plan (EGWP) changes effective January 1, 2015, which reduced Medicare eligible drug costs.

Mr. Stump reviewed the 2014 Valuation Results Summary and noted an increase in the Accrued Liability from \$275,804,000 to \$296,498,000 and an increase in assets from \$28,069,000 to \$40,465,000. He explained that the funding ratio improved from 10% to 14%, placing M-NCPPC favorably ahead of most public plans for OPEB. The Actuary highlighted the Government Accounting Standards Board

(GASB) Accounting Summary and explained that the Annual Required Contribution (ARC) is the accounting cost and also the contribution basis.

Commissioner Dreyfuss inquired whether a potential increase in the 2015 inflation would affect employer contributions. Mr. Stump responded that to the extent that general inflation is higher, healthcare costs could also rise. Commissioner Dreyfuss also inquired about the impact of potentially higher interest rates. Mr. Stump stated there is no direct impact from interest rates, except to the extent that it impacts the investment portfolio and how the returns will be affected. The Commissioners thanked Mr. Stump for his informative presentation.

ACTION: Motion of Fani-Gonzalez

Seconded by Bailey

7 Approved the motion with Commissioners Presley, Shoaff and Washington absent during the vote

d) RESOLUTION #14-33, APPROVAL OF AN INCREASE OF THE FY 2015 EMPLOYER CONTRIBUTION FOR THE 115 TRUST (Zimmerman) (Item taken in amended order)

Secretary-Treasurer Zimmerman explained that the adoption of the Resolution will allow the M-NCPPC to allocate the annual Medicare Retiree Drug Subsidy (RDS) to fund the 115 Trust, which is used to prefund retiree medical insurance. The M-NCPPC receives approximately \$500,000 per fiscal year in RDS subsidies intended to defray the cost of prescription drug coverage to retirees who would otherwise be eligible to enroll in Medicare Part D prescription coverage. This subsidy will be used to help reduce the unfunded liability for the 115 Trust and enhance our ability to invest funds going forward. The Resolution modifies an earlier decision by the Commission for the FY 2015 contribution.

ACTION: Motion of Wells-Harley to adopt Resolution #14-33

Seconded by Dreyfuss

7 Approved the motion with Commissioners Presley, Shoaff, and Washington absent during the vote

b) RESOLUTION #14-32, M-NCPPC FY16 PROPOSED OPERATING BUDGET (Barney/Kroll) (Item taken in amended order)

Corporate Budget Manager John Kroll presented Resolution #14-32, "Approval of the 2016 Fiscal Year Proposed Operating Budget of the Maryland-National Capital Park and Planning Commission." He stated that Resolution #14-32 reflects the Proposed Budgets approved by each Planning Board.

At the beginning of the Commission meeting, Mr. Kroll distributed a correction to Exhibit A (Montgomery County FY16 Proposed Budget Summary – Fund Summary by Department and by Division), which was attached to the Resolution. Corrections were made on pages 1, 3 and 5 of the Exhibit found at circled pages 13, 15, and 17 of the Late Delivery Packet. Amendments were made to Page 1 of the Exhibit on the positions and work-years in the Montgomery County Administration Fund. A correction to the Prince George's County Administration Fund and reclassification of the transfer allocated to the Special Revenue Fund were made to Page 3 of the Exhibit; all of which were negligible changes. Total Commission positions and work-years were amended on Page 5 of the Exhibit.

The Proposed Budget totals \$454.7 million in funding excluding reserves, Advanced Land Acquisition Revolving Fund (ALARF), Capital Projects, and Internal Service Funds. Compared to the FY15 Adopted Budget, the FY16 Proposed Budget is \$5.0 million more, reflecting the increased investment in major known commitments and essential needs, most of which are proposed in the Montgomery County Park Fund.

In the memorandum to the Commissioners found on circled page 3 of the Late Delivery Packet, Exhibit 1 provided a comparative summary of the proposed budget for each county. Mr. Kroll highlighted the Assessable Base Projections for FY16, indicating that tax revenue contributes to more than 90% of the agency's operating budget. He indicated that the outlook for FY16 continues to show modest signs of improvement in the assessable base. Montgomery County is projected to have a 2.84% increase in assessable base, while Prince George's County is projected to have only 0.47%. Due to the modest adjustments, the agency will continue to utilize fund balance to help balance the budget in FY16.

Mr. Kroll reviewed Exhibits 3 and 4 found on circled pages 5 and 6 of the Late Delivery Packet.

Exhibit 3, Summary of Changes in Major Employee Benefit Cost FY16 Proposed Budget (General Fund), illustrated changes in major employee benefit costs such as OPEB, Pension, Health and Benefits, and Employee Compensation. The total change in these costs reflects a 2.5% reduction from FY15 Adopted Budget levels. The components of the net change include:

- OPEB costs increased 4.6% (or \$0.7 million) from FY15 Adopted Budget levels.
- Pension costs decreased by 4.0% for FY16, representing a savings of \$1.1 million from the FY15 Adopted Budget levels.
- Healthcare insurance and benefit costs are projected to decrease by 1.3% (or \$382,000) in FY16.
- With regard to Employee Compensation, the Commission's FY16 budget incorporates a dollar marker; however, with negotiations pending, the exact form and amount of compensation are not fully known. Therefore, the FY16 Proposed Budget includes \$4.8 million (\$5.1 million all funds) as a marker for represented and non-represented employees. This reflects approximately 20.1% decrease from FY15 levels.

Exhibit 4, Summary of the FY16 Proposed Budget General Fund Accounts by Fund by Department (excludes reserves), provided a comparative summary of the FY16 Proposed Budget to the FY15 Adopted Budget. Mr. Kroll explained that two funds are reflected as Commission-wide Internal Service Fund - The Group Insurance Fund and the Executive Office Building (EOB) Fund. In the past, the EOB Fund was shown in the Prince George's County exhibits as the building housed in that County. However, it is more appropriate to show the EOB Internal Service Fund as a Commission-wide Fund because it houses Central Administrative Services (CAS), which supports both sides of the agency. Commissioner Dreyfuss asked if M-NCPPC owns the EOB facility, to which Mr. Kroll responded yes.

In reviewing the narrative in Resolution #14-32, Commissioner Geraldo asked if the 6-year projections show a deficit for FY17, how do the Commissioners vote on a budget without knowing how the deficits will be addressed? Mr. Kroll responded that no deficits were projected in FY16, which is the budget that needs approval at this point. He noted that all three funds have balanced on the Prince George's County side of M-NCPPC. Presentations have been made to the Prince George's County Council and the Executive Office staff. The groups are working together to formulate the best method to address deficits for FY17 and years moving forward.

Mr. Kroll shared that the funds also balance on the Montgomery County side. He pointed out that on the Montgomery County side, we do not have a sufficient fund balance in the Administration Fund. He is proposing a 1/10th of a cent increase on the Montgomery County side in property tax. He explained that Montgomery County adjusts M-NCPPC's rates to facilitate their overall budget picture, and they reduced our tax rate last year in the Administration Fund and transferred funds to the Park Fund to help balance the budget as well.

Commissioner Dreyfuss inquired whether M-NCPPC should try to balance its funding independently from the County to avoid a potential tax increase. Executive Director Barney explained that the proposed budget represents funds that are needed to operate the agency. M-NCPPC works with both County governments to understand priorities and potential reductions. The management and budget teams develop strategies to address County recommendations. At this point, the Counties have not directed specific budget reductions. However, internally, the teams are developing potential areas for anticipated reductions. In all cases, the agency must submit a balanced budget as one cannot be adopted with known deficits.

Executive Director Barney stated that on the Prince George's County side, the long-term plan shows the struggles the agency has had and the anticipated deficits in FY17 for the Administrative Fund, the Recreation Fund, and later in the Park Fund. At some point there will be a discussion during the work sessions regarding whether there will be a tax rate increase or if there will be expenditure reductions or a combination of both. There will be questions about the Capital Improvement Plans (CIP), and, other operating budget work programs. Executive Director Barney stated there is a significant fiscal problem with the budget in FY17 and asked the Commissioners to keep that in mind during budget discussions and during union negotiations.

ACTION: Motion of Wells-Harley to adopt Resolution #14-32

Second by Geraldo

7 Approved the motion with Commissioners Presley, Shoaff and Washington absent during the vote

Chair Hewlett commended everyone who worked on the budget for putting together a Commission-wide plan while addressing challenges for both sides of M-NCPPC.

e) GFOA BUDGET AWARD AND PHOTO OP (Barney/Kroll)

On behalf of the Commissioners, Chair Hewlett thanked Corporate Budget Manager John Kroll and his staff, Department Directors, and the budget team for their work on the budget. She announced that the Government Finance Officers Association of

the United States and Canada (GFOA) has awarded the M-NCPPC the GFOA's Distinguished Budget Presentation Award for its FY 2015 annual budget. The Commission has received this award for the 29th consecutive year. She recognized Corporate Budget Manager John Kroll, and the budget team which included James Adams, Anju Bennett, Robert Clarke, Melinda Duong, Joyce Garcia, Shelley Gaylord, Ashley Hammond, Bill Henaghan, Benita Henderson, Terry Johnson, Stephanie, Knox, Tonya Miles, Carl Morgan, Oge Nwafor, Larry Quarrick, Nancy Steen, Tricia Swann, Valerie Saunders, Anjali Sood, Shuchi Vera, Karen Warnick, and Mark Wulff. A photo was taken with the budget team, the Commissioners and the Executive Director.

ITEM 6

OPEN SESSION – OFFICERS' REPORTS

a) EXECUTIVE DIRECTOR (FOR INFORMATION ONLY)

EMPLOYEE EVALUATIONS NOT COMPLETED BY DUE DATE (NOVEMBER 2014)

Executive Director Barney stated the report reflects that evaluations are being completed. Directors are working on submitting any pending evaluations.

b) SECRETARY–TREASURER (FOR INFORMATION ONLY)

ENTERPRISE RESOURCE PLANNING (ERP BRIEFING)

Secretary-Treasurer Zimmerman shared that the ERP implementation is moving forward. Staff efforts are currently focused on final configuration and testing of Human Resources and Payroll modules in preparation for the first scheduled January payroll.

c) GENERAL COUNSEL (FOR INFORMATION ONLY)

General Counsel Gardner stated there were hearings with the Montgomery County Delegation on the Smoking Bill and the Commissioner Term Limit Bill, of which the Commission took a position in November. He presented Bill MC/PG 114-15, Regulation of Off-Highway Recreational Vehicles in Prince George's County. Bill MC/PG 114-15 requires the Commission, in conjunction with the Prince George's County Department of Parks and Recreation, to adopt regulations governing the use of off-highway recreational vehicles on Commission property located in Prince George's County. He also presented Bill MC/PG 113-15, MNCPPC - Prince George's - Certified County-Based Business Participation Program. The intent of Bill MC/PG 113-15 is to provide a preference for businesses that are located in Prince George's County. Bill MC/PG 113-15, which is being proposed by the Prince George's County Council, presents challenges for the M-NCPPC as a bi-county agency.

General Counsel Gardner presented Bill PG 407-15, Prince George's Board of Education - Public High Schools - Outdoor Synthetic Turf Fields. Bill PG 407-15 mandates that M-NCPPC help fund, through Program Open Space, synthetic turf fields in Prince George's County. Similar bills have been introduced over the past two years. M-NCPPC has indicated support with the appropriate amendments. Bill PG 407-15 will be vetted through the Prince George's County Board and will probably not impact Montgomery County operations. Commissioner Geraldo inquired if the Commissioners need to acquire more knowledge on Bill PG 407-15 before the fields are installed. Chair Hewlett stated this will be a part of the debate

before a position is taken because of environmental concerns and because of allocation of the resources to other areas. Commissioner Wells-Harley stated that several years ago, Montgomery County Parks worked on a taskforce that researched this topic. Montgomery Parks Director Mike Riley served on the taskforce and can provide information if needed. General Counsel Gardner will ensure that the Prince George's County Planning Board receives information from the taskforce.

General Counsel Gardner announced that MC/PG 111-15, Prince George's County – Municipal Zoning Authority allows municipal jurisdictions in Prince George's County to hear detailed and conceptual site plans. Bill MC/PG 111-15 would be structured as an opt-in so any municipality that wants the jurisdiction to do that can sit in and listen to the hearing.

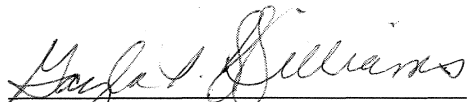

General Counsel Gardner presented Bill MC/PG 104-15, Maryland-National Capital Park and Planning Commission Reform Act of 2015. Bill MC/PG 104-15 calls for the Office of Legislative Audits to conduct a certain performance audit of the Commission to evaluate the effectiveness and efficiency of the management practices of the Commission on request of the Joint Audit Committee, the delegation, County Executive, or County Council. Finally, the Department of Legislative Services, on or before December 2016, is required to conduct a comprehensive evaluation of the Commission's operations and activities relating to the county and submit a report to the General Assembly.

Closing Comments

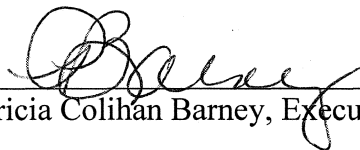

Chair Hewlett commended the male employees for their participation in the men's Health and Wellness events. The level of participation exceeded last year's numbers. Chair Hewlett also thanked the Officers, Directors, Deputies, Managers and all employees for working together in tandem to achieve a successful 2014 and for their contributions in 2015. 2015 will present more challenges and she is confident that this will be a more positive year. Everyone was encouraged to attend the One Commission Holiday Event which followed the Commission meeting. Vice-Chair Anderson was thanked for recommending the Silver Spring Civic Center for the event, and she thanked the M-NCPPC Montgomery County operations for helping host the event.

Vice-Chair Anderson thanked everyone for a successful year. Commissioner Bailey thanked Chair Hewlett, Vice-Chair Anderson, and Commission staff for their generous community service during this holiday season.

There being no further business to discuss, the meeting adjourned at 11:00 a.m.

THE MARYLAND-NATIONAL CAPITAL PARK AND PLANNING COMMISSION

PCB15-003

January 14, 2015

To: Commissioners
From: Patricia Colihan Barney, Executive Director 
Subject: FY 15 Savings Plan – Informational Briefing

Summary: The Executive Committee and Department Directors have adopted an FY 15 savings plan in preparation for FY 16 fiscal challenges. The savings targets will be 1% to 1.5% of each department's budget.

Background:

At the December Department Directors' meeting, we began a discussion about the need to reduce FY 15 spending in preparation for FY 16 fiscal challenges. The discussion was initially driven by knowledge that both county governments are implementing saving plans.

In addition, the Commission faces direct fiscal challenges for our operations in both counties. In Prince George's County, our long-term fiscal plan indicates that fund balances are being depleted at levels which, although planned, are not sustainable. During the budget work sessions, we plan to work with the County and create a new fiscal plan. The plan will require significant expenditure reductions, and or possible revenue enhancements (i.e., tax increase) or a combination of both.

In Montgomery County, the Chief Administrative Officer has directed that departments develop FY 16 budgets with 3% reductions after incorporating major known commitments. We expect to receive a similar request to develop a list of possible reductions during the Council budget work sessions.

FY 15 Savings Plan Discussion:

The Prince George's County Government OMB savings plan, which is still under discussion, equates to about 1.4% of budgeted revenues. Montgomery County Government OMB has issued a directive for a hiring freeze with certain exceptions and a procurement freeze which requires OBM approval for expenditures over \$10,000. They did not designate a targeted savings percentage.

In the past the Commission has implemented savings plans to achieve a targeted percentage of our budget. We have implemented hiring freezes, with exceptions reviewed and authorized by the HR Director and Executive Director. Both processes have been effective in generating savings.

FY 15 Approved Savings Plans: The Executive Committee approved the following savings plans.

- The Montgomery County Directors and CAS Officers will be implementing a 1-1.5% savings plan without a specific hiring freeze.
- The Prince George's County Directors will be implementing a hiring freeze with an exception process for critical positions to help achieve their 1-1.5% savings plan.
- All plans will target savings opportunities that could be continued into the FY 16 budget if necessary.

The plans will be shared with the Secretary-Treasurer and the Executive Director to monitor implementation. Progress will be reported to the Planning Boards during the normal quarterly financial projections process.

SUBJECT: MFD Purchasing Statistics— Fourth Quarter FY14

The Commission's procurement policy (Practice 4-10, Purchasing) includes an anti-discrimination component which assures that fair and equitable vendor opportunities are made available to minority, female or disabled owned firms (MFDs). This program is administered jointly by the Office of the Executive Director and the Purchasing Division and includes a price preference program and an MFD subcontracting component based on the Commission procurement practices and the available MFD vendors in the marketplace. The price preference program has been suspended until a MFD study is conducted to provide evidence that the price preference is/is not needed. This report is provided for your information and may be found on the Commission's intranet.

Some of the observations of this FY14 report include:

- Attachment A indicates that through the fourth quarter of FY14, the Commission procured approximately \$124.9 million in goods, professional services, construction and miscellaneous services. Approximately 24.3% or \$30.4 million was spent with minority, female and disabled (MFD) owned firms.
- Attachment B indicates that in the fourth quarter MFD utilization was 22.3%. The cumulative utilization through fourth quarter FY14 was 24.3%.
- Attachment C represents the MFD participation by type of procurement. The MFD participation for construction through the fourth quarter of FY14 was 29.0%. Attachment C also indicates that the largest consumers of goods and services in the Commission are the Prince George's County Department of Parks and Recreation and the Montgomery County Department of Parks. These programs significantly impact the Commission's utilization of MFD firms. The MFD cumulative utilization numbers for these departments through the fourth quarter are 22.0% and 32.1%, respectively.
- Attachment D presents the FY14 activity for the Purchase Card program totaling approximately \$10.7 million of which 1.8 % was spent with minority, female and disabled (MFD) firms. The amount of procurement card activity represents approximately 8.6% of the Commission's total procurement dollars. One reason for lower MFD participation on

the purchase card is that the cards are used with national retail corporations when a quick purchase for a maintenance job is needed. The purchase cards are also used for training registration in order to guarantee attendance.

- Attachment E portrays the historic MFD participation rates, and the total procurement from FY 1991 to fourth quarter FY14.
- Attachments F and G shows the MFD participation in procurements at various bid levels to determine if MFD vendors are successful in obtaining opportunities in procurements that require informal bidding and formal bidding. Based on the department analysis, MFD vendors do appear to be participating, at an overall rate of 19.6% in informal (under \$30,000) and 26.7% in the formal (over \$30,000) procurements. In the newest delegation for transactions under \$10k, MFD participation is 18.4%. MFD vendors are participating at an overall rate of 29.3% in transactions over \$250,000.
- Attachment H presents the total amount of procurements and the number of vendors by location. Of the \$124.9 million in total procurement, \$90.7 million was procured from Maryland vendors. Of the \$30.4 million in procurement from MFD vendors, \$24.9 million was procured from MFD vendors located in Maryland.
- Attachment I compares the utilization of MFD vendors by the Commission with the availability of MFD vendors. The results show under-utilization in the following categories: African American, Asian, American Indian, and Females. The amount and percentage of procurement from MFD vendors is broken out by categories as defined by the Commission's Anti-Discrimination Policy. The availability percentages are taken from the most recent State of Maryland disparity study dated February 17, 2011.
- Attachments J and K are prepared by the Department of Human Resources and Management and show the amount and number of waivers of the procurement policy by department and by reason for waiver. Total waivers were approximately 2.8% of total procurement.

Waiver Reason Definitions:

Emergency:

Sudden and unforeseeable circumstance have arisen which actually or imminently threaten the continuance of an essential operation of the Commission or which threaten public health, welfare or safety such that there is not enough time to conduct the competitive bidding.

Required by Law or Grant:

Public law or the terms of a donation/grant require that the above noted vendor be chosen.

Amendment:

A contract is already in place and it is appropriate for the above noted vendor to provide additional services and/or goods not within the original scope of the contract because the interested service and/or goods are uniquely compatible with the Commission's existing systems and patently superior in quality and/or capability than what can be gained through an open bidding process.

Sole Source 4:

It has been determined that:

- #1: The vendor's knowledge and experience with the Commission's existing equipment and/or systems offer a greater advantage in quality and/or cost to the Commission than the cost savings possible through competitive bidding, or
- #2: The interested services or goods need to remain confidential to protect the Commission's security, court proceedings and/or contractual commitments, or
- #3: The services or goods have no comparable and the above noted vendor is the only distributor for the interested manufacturer or there is otherwise only one source available for the sought after services or goods, e.g. software maintenance, copyrighted materials, or otherwise legally protected goods or services.

FROM: Joseph C. Zimmerman, Secretary/Treasurer 

SUBJECT: MFD Purchasing Statistics— First Quarter FY15

The Commission's procurement policy (Practice 4-10, Purchasing) includes an anti-discrimination component which assures that fair and equitable vendor opportunities are made available to minority, female or disabled owned firms (MFDs). This program is administered jointly by the Office of the Executive Director and the Purchasing Division and includes a price preference program and an MFD subcontracting component based on the Commission procurement practices and the available MFD vendors in the marketplace. The price preference program has been suspended until a MFD study is conducted to provide evidence that the price preference is/is not needed. This report is provided for your information and may be found on the Commission's intranet.

Some of the observations of this FY15 report include:

- Attachment A indicates that through the first quarter of FY15, the Commission procured approximately \$41.6 million in goods, professional services, construction and miscellaneous services. Approximately 29% or \$12.0 million was spent with minority, female and disabled (MFD) owned firms.
- Attachment B indicates that in the first quarter MFD utilization was 29%.
- Attachment C represents the MFD participation by type of procurement. The MFD participation for construction through the first quarter of FY15 was 36.2%. Attachment C also indicates that the largest consumers of goods and services in the Commission are the Prince George's County Department of Parks and Recreation and the Montgomery County Department of Parks. These programs significantly impact the Commission's utilization of MFD firms. The MFD cumulative utilization numbers for these departments through the first quarter are 11.7% and 58.4%, respectively.
- Attachment D presents the FY15 activity for the Purchase Card program totaling approximately \$3.2 million of which 2.1 % was spent with minority, female and disabled (MFD) firms. The amount of procurement card activity represents approximately 7.7% of the Commission's total procurement dollars. One reason for lower MFD participation on the purchase card is that the cards are used with national retail corporations when a

quick purchase for a maintenance job is needed. The purchase cards are also used for training registration in order to guarantee attendance.

- Attachment E portrays the historic MFD participation rates, and the total procurement from FY 1991 to first quarter FY15.
- Attachments F and G shows the MFD participation in procurements at various bid levels to determine if MFD vendors are successful in obtaining opportunities in procurements that require informal bidding and formal bidding. Based on the department analysis, MFD vendors do appear to be participating, at an overall rate of 19.6% in informal (under \$30,000) and 32% in the formal (over \$30,000) procurements. In the newest delegation for transactions under \$10k, MFD participation is 16.5%. MFD vendors are participating at an overall rate of 34.4% in transactions over \$250,000.
- Attachment H presents the total amount of procurements and the number of vendors by location. Of the \$41.5 million in total procurement, \$32.0 million was procured from Maryland vendors. Of the \$12.1 million in procurement from MFD vendors, \$11.6 million was procured from MFD vendors located in Maryland.
- Attachment I compares the utilization of MFD vendors by the Commission with the availability of MFD vendors. The results show under-utilization in the following categories: Asian, Hispanic and Females. The amount and percentage of procurement from MFD vendors is broken out by categories as defined by the Commission's Anti-Discrimination Policy. The availability percentages are taken from the most recent State of Maryland disparity study dated February 17, 2011.
- Attachments J and K are prepared by the Department of Human Resources and Management and show the amount and number of waivers of the procurement policy by department and by reason for waiver. Total waivers were approximately 1% of total procurement.

Sudden and unforeseeable circumstance have arisen which actually or imminently threaten the continuance of an essential operation of the Commission or which threaten public health, welfare or safety such that there is not enough time to conduct the competitive bidding.

Required by Law or Grant:

Public law or the terms of a donation/grant require that the above noted vendor be chosen.

Amendment:

A contract is already in place and it is appropriate for the above noted vendor to provide additional services and/or goods not within the original scope of the contract because the interested service and/or goods are uniquely compatible with the Commission's existing systems and patently superior in quality and/or capability than what can be gained through an open bidding process.

Sole Source 4:
