

Easy on-the-go access to vision benefits

We're all about providing user-friendly tools that make it easier for members to use their benefits. That's why we created the EyeMed Members App – the industry's first mobile vision benefits app for members (available for iPhone and Android). It's a free and quick way for members to access what they need – anytime, anywhere.

1 SHAKE
to access their
member ID card

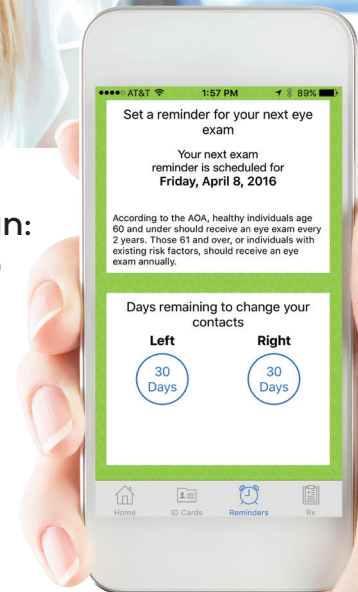

10 SECONDS
to find a provider
and get driving
directions

2 TAPS
to call a provider or
our call center

With the EyeMed Members App, members can:

- Pull up their ID card (with just a quick shake of their phone)
- Find a provider and get driving directions
- View their benefits and eligibility status
- Access special vision-related discounts and offers
- Take a photo of their prescription and store it
- Program an eye exam reminder
- Set contact lens replacement reminders – even if they have different schedules for each eye
- Contact our award-winning Customer Care Center – open 7 days a week*
