## Frequently asked questions

### What is term life and AD&D insurance?

Group term life insurance provides a cost-effective way to prepare for the unexpected by adding an extra level of protection during your working years. Your loved ones may benefit from life insurance to cover medical bills, funeral costs and estate management expenses. It can also be a critical resource in helping with your family's ongoing expenses.

Accidental death and dismemberment (AD&D) insurance provides additional financial protection in the event that a covered accident results in an insured person's loss of life, hearing, sight, paralysis and more.

### Do I have to answer health questions?

Enrolling for coverage other than what is outlined on page one will require that you answer a few questions about your health history, along with height and weight. Based on your answers, it will be determined whether anything further is needed to make a decision to approve or decline the application. If by any chance your application is not approved, you will still get any coverage that didn't require the health question and it will not affect any coverage you already have.

### What should I know about naming a beneficiary?

Naming a beneficiary, and keeping it up to date with life's changes, can help ensure any proceeds are paid according to your wishes and without delay. You can name a person, charity, trust or your estate. You can also break up the payout by percentage. Beneficiary changes can be made anytime throughout the year.

### Can I take my coverage with me if I leave The Maryland-National Capital Park and Planning Commission?

You can continue to be insured with Securian beyond active employment without answering health questions. Premiums are generally higher than those paid by active employees.
